

**Suitable for kitchen exhaust**

The motor is separated from the airstream, according to VDI 2052 applicable for industrial kitchen exhaust with medium temperatures up to 120°C.

- Outer casing made of seawater resistant AlMg3
- Motor outside of air stream
- Motor voltage controllable
- Swing out fan section
- with isolator switch
- Integrated drain pan

**Drain tray**

In case of fatty exhaust air a drain tray prevents roof pollution.

**Isolator Switch**

An integrated isolator switch enables riskless maintenance.
